

Scout Glass Cleaner™

Glass and Surface Cleaner Concentrate

What it does.

For just pennies per gallon, Scout Glass and Surface Cleaner will quickly and effectively cut through greasy, oily soils without streaking or smearing. Clean surfaces like mirrors, windows, countertops, stainless steel and restroom fixtures. In fact you can spray and wipe clean any surface that is not harmed by water.

How to use it.

Mix 12 oz. of Scout Glass and Surface Cleaner and water to make a gallon of cleaning solution.

Spray on surface and wipe off with a clean, dry towel (paper) until dry.

Hint - Use heavier spray in hot and dry areas and lighter spray in humid conditions.

What's in it?

Formulated with environmentally preferred surfactants and less than 1% isopropyl alcohol (diluted) to increase worker safety and reduce environmental impact. Non Flammable and biodegradable.

What's not in it?

Ammonia

Vineger

Alkaline that can cause skin irritation.

Inferior petroleum-based surfactants.

Butyls, phosphates or d'limonene.
