Read complete caution statement.
KEEP OUT OF REACH OF CHILDREN

BEFORE USE:

USE ONLY IN A WELL VENTILATED AREA.

Read complete caution statement before use.

AQUA-SAFE is a heavy-duty liquid detergent designed for general purpose industrial cleaning. This water-based cleaner has a mild citrus fragrance, is completely soluble in water and safe on all common metals including steel, aluminum, copper and brass.

DIRECTIONS

Walls and Painted Surfaces: Use 1 to 2 ounces of **AQUA-SAFE** per gallon of water.

High Pressure-Hot: Use at 1:15 in solution tank.

High Pressure-Cold: Use at 1:20 to 1:100 depending on the severity of the application.

Note: **AQUA-SAFE** concentrate may be fed directly from the shipping container to high pressure wash equipment. Contact your Burlin representative for additional information or proportioner recommendations.

● **Concrete Cleaning:** For automatic scrubber dilute 2-3 ounces per gallon of water. Up to 12 ounces per gallon may be necessary for heavy soils or when agitation is unavailable.

AQUA-SAFE is an industrial product, not intended for home use.

CAUTION

USE ONLY IN A WELL VENTILATED AREA -- AVOID PROLONGED BREATHING OF VAPORS. Contains Dipropylene Glycol Methyl Ether and Propylene Glycol Methyl Ether. Keep away from eyes, skin and clothing. Wear chemically resistant gloves if skin contact is likely. May cause eye irritation. Prolonged or repeated exposure may cause skin irritation. Ingestion may cause burns to mouth and throat. Excessive inhalation may cause drowsiness.

FIRST AID:

EYE CONTACT -- Flush with large quantities of water for 15 minutes, lifting upper and lower lids occasionally.

INHALATION -- Remove to fresh air. Administer oxygen if breathing is difficult.

SKIN CONTACT -- Wash skin with mild soap and water. Remove contaminated clothing and launder before reuse.

INGESTION -- If conscious, dilute by giving 2 glasses of water. Keep warm, quiet and get medical attention.
