

CYCLE-EMULSIFIER™

C-23

PRODUCT TYPE

Carpet & Upholstery Steam and Extraction Cleaner

PRIMARY USAGE

Carpet Extraction
Bonnet Cleaner
Traffic Lane Cleaner
Restaurant Carpet Degreaser
Truck Mount Emulsifier
Upholstery Cleaner

DESCRIPTION

A 21st Century alternative to traditional extraction cleaners. Replaces powders that can clog lines and affect pumps. Replaces Butyl based cleaners that irritate lungs and do not remove food residues well. Replaces high alkaline products that can damage or brown carpet and strip carpet protectors. Cleans, deodorizes, emulsifies grease economically. May be disposed of into sewers without PH adjustment.

FEATURES

CYCLE-EMULSIFIER™ cleans, degreases and deodorizes in one application. **CLEAN ENVIRONMENT™** combines the advantages of natural solvents and detergents with the finest non-fuming synthetic solvents and cleaning agents in one product.

- » Contains natural solvent and vegetable derived detergents.
- » Minimally hazardous to humans, animals, the environment or areas being treated when compared to traditional highly caustic degreasers.
- » Free of phosphates and fuming solvents.
- » Pleasant natural fragrance that leaves a fresh deodorizing scent.
- » Lower in alkalinity than most heavy duty emulsifiers.
- » One product cleans many types of fibers and may be used through many application systems.
- » Non-corrosive and actually inhibits corrosion in pumps, tools, nozzles and pressure hoses.
- » Removes lime and scale from pumps, pressure hoses, tools, nozzles and tanks.
- » Special fast breaking detergents are used to control foam build up in holding tanks.
- » Superior active ingredients enable this product to be use through refiltration systems.
- » Breaks down oils, soils and greases without letting them reattach to the surface being cleaned.
- » Immediate odor control.
- » Non-toxic.
- » Biodegradable.
- » Non-combustible.
- » Will not remove most modern carpet protectors.
- » Works on contact reducing the number of passes needed. for the product to work.
- » Equally effective in hard or soft water.
- » Dilutes with cold, warm or hot water making this a true all temperature emulsifier.

DILUTIONS and DIRECTIONS

- Carpet Bonnet & Traffic Pre-spray and Soak Tank Applications
 - Light Duty: Use 2 ounces per gallon of water
 - Medium Duty: Use 4 ounces per gallon of water
 - Heavy Duty: Use 8 ounces per gallon of water
 - Severe Duty: Use 16 ounces per gallon of water
- Spot Cleaning
 - Medium Duty: Use 1 ounce per quart of water
 - Heavy Duty: Use 2 ounces per quart of water
- High Pressure and Truck Mount Cleaning
 - Light Duty: Dilute with 512 parts water
 - Medium Duty: Dilute with 256 parts water
 - Heavy Duty: Dilute with 128 parts water
- Automatic Carpet Cleaning, Portable Carpet Extraction and Low Pressure Cleaning
 - Light Duty: Dilute with 256 parts water
 - Medium Duty: Dilute with 128 parts water
 - Heavy Duty: Dilute with 64 parts water
- Truck Mount Make-up Tanks
 - Use one quart of product per 5 gallons of water.

Test diluted product on items to be cleaned in an inconspicuous place for possible damage prior to use. Remove objects that will slow cleaning activity. Vacuum area to be cleaned. Repair worn or damaged areas. Treat spots and stains. Pre-spray traffic areas according to dilutions above at a rate of about 400 square feet per gallon. Dilute product in tank according to dilutions above. Clean in the usual manner. Wipe overspray off of wall boards, furniture, etc. immediately. Continue cleaning until the area is done being sure to vacuum as much moisture from fabric as possible. Replace furniture on moisture absorbing pads. Use blowers or fans aimed at upholstery until dry.

SPECIFICATIONS

COLOR:	Deep Blue Liquid
ODOR:	Natural Floral/Citrus
PH RANGE:	1% Solution 9.4 ± .5
USAGE TEMPERATURE:	Between 30 and 211 degrees Fahrenheit
STORAGE:	Cool dry area is best
SHELF LIFE:	1 to 2 years when stored between 40 and 90 degrees Fahrenheit
FREEZE/THAW STABILITY:	Stable. Passes 3 cycles
TOXICITY:	Non-toxic
HAZARDS:	Can dry skin and burn eyes
PER CENT ACTIVITY:	13% ± 1%
SOLIDS:	10% ± 1%
BIODEGRADABILITY:	Biodegradable
CAUTIONS:	Avoid direct eye contact. Do not take internally. Avoid prolonged skin contact. Wash skin with soap and water after use.
PACKAGING RECYCLABILITY:	All package components are recyclable
STANDARD PACKAGING:	Gallons, 5 Gallons, 15 Gallons, 55 Gallons
