

IV. FIRE AND EXPLOSION HAZARD DATA

Flash Point (test method): 235 F
Flammable Limits in Air, % by Volume: Lower- N/A; Upper- N/A
Extinguishing Media: CO 2 - Foam - Water
Special Firefighting Procedures: Wear a self-contained breathing unit
in confined areas.
Unusual Fire and Explosion Hazard: NONE

V. REACTIVITY DATA

Stability-- Stable Unstable
Hazardous Polymerization-- May occur Will not occur
Conditions and Materials to Avoid-- Avoid strong oxidizing agent.
Hazardous Decomposition Products-- Thermal decomposition will yield CO,
CO 2 and other noxious vapors.

VI. SPECIAL PROTECTION

Respiratory-- Respiratory mask not required.
Eye Protection-- Wear protective glasses or face shield.
Protective Gloves-- Impervious gloves recommended.
Ventilation-- Normal room ventilation needed.
Avoid high concentrations associated with confined areas.

VII. SPILL OR LEAK PROCEDURES

Steps to be taken in case material is spilled or released--
Use dry absorbent. Keep away from sewers and water systems by
diking. Spill may be slippery.
Waste Disposal Method--
Collect dry refuse into a suitable container for disposal.
Incinerate or bury in accordance with Federal or local regulations.

VIII. STORING AND HANDLING

Indoor: Outdoor:

Normal storage.

cont. of AK

IX. HEALTH HAZARD DATA

Routes of Entry: Inhalation N/A Skin X Ingestion X

HAZARD - ACUTE--

Eye Contact: Will cause irritation, redness, tearing.

Skin Contact: May cause mild irritation with repeated contact.

Ingestion: May be harmful if swallowed. Avoid ingestion.

May cause gastrointestinal distress.

Inhalation: Excessive inhalation of vapors may cause nasal and respiratory irritations. Headaches may result.

HAZARD - CHRONIC--

Toxicity: Generally non-toxic. Use good hygiene practices.

Exposure Limits: N/E

Carcinogenic Potential: None

X. FIRST-AID RESPONSES

Eyes: Flush with water; see physician.

Skin: Remove contaminated clothing. Wash skin with soap and water; repeat. See physician if irritation persists.

Ingestion: X Promote vomiting; head low; prevent liquid from draining into lungs; get medical attention.

 Do not induce vomiting; see physician.

Inhalation: Remove victim to fresh air; give oxygen if breathing is difficult; keep warm. Get medical attention.
