

01-398

Product Name: OS 6325 Green Stuff II

Manufacturer's Name: ChemStation New England

Address: 350 Pleasant Valley Road  
South Windsor, CT 06074

Health: 1

Flammability: 0

Reactivity: 0

Telephone Number: 203 291-2863

Emergency Telephone Number: CHEMTREC (800) 424-9300

Date Prepared: January 14, 1994

## SECTION 1 HAZARDOUS INGREDIENTS

| Chemical Name:                                     | CAS No.:  | TLV:    |
|--|-----------|---------|
| ethylenediamine tetraacetic acid, tetrasodium salt | 64-02-8   | none    |
| potassium hydroxide                                | 1310-58-3 | 2 mg/m3 |
| sodium silicate                                    | 1344-09-8 | none    |
| alkoxylated linear alcohol                         | mixture   | none    |
| neutralized carboxylic acids                       | mixture   | none    |
| modified polyether                                 | mixture   | none    |

This product contains no OSHA, NTP, or IARC listed carcinogens.

## SECTION 2 - PHYSICAL AND CHEMICAL CHARACTERISTICS

|  |                         |
|--|-------------------------|
| Boiling Point: > 212 deg F                           | Evaporation Rate: 0.33  |
| Solubility in Water: Complete                        | Specific Gravity: 1.111 |
| Melting Point: < 32 deg F                            | pH: 12.2                |
| Appearance & Odor: Thin liquid, characteristic odor. |                         |

## SECTION 3 - FIRE AND EXPLOSION HAZARD DATA

|  |                     |
|--|---------------------|
| Flash Point: > 210 deg F                     | LEL: not applicable |
| Flammable Limits: None.                      | UEL: not applicable |
| Extinguishing media: Material will not burn. |                     |
| Special Fire Fighting Procedures: None.      |                     |
| Unusual Fire and Explosion Hazards: None.    |                     |

## SECTION 4 - REACTIVITY DATA

Stability: Stable.

Conditions to Avoid: Avoid extremes in temperature.

Incompatibility (Materials to avoid): Strong oxidizers, acids.

Hazardous Decomposition or Byproducts: None.

Hazardous Polymerization: Will not occur.

Product: OS 6325

Date Prepared: January 11, 1994 page 2 of 2

Every effort has been made to accurately assess the possible hazards associated with this product. We believe that the actual hazards encountered using our products are less severe than those represented by the concentrated raw materials used to make them.

---

#### SECTION 5 - HEALTH HAZARD DATA/FIRST AID

**Eyes:** May be irritating. Flush immediately with running water for fifteen minutes. See a physician.

**Skin:** May be irritating to sensitive skin. Flush with water.

**Inhalation (respiratory tract):** May be irritating. Remove to fresh air. See a physician if necessary.

**Ingestion (gastrointestinal tract):** May be irritating. Dilute stomach contents with water, if conscious. See a physician.

---

#### SECTION 6 - HANDLING AND STORAGE

**Action to Take for Spills and Leaks:** Small spills should be mopped up. Large spills should be diked with inert absorbent. Material may be pumped back into container or neutralized for disposal.

**Disposal Method:** Dispose of in accordance with all applicable local, state, county, and federal laws.

**Storage:** Store product in ambient temperature. Avoid freezing or high heat.

---

#### SECTION 7 - PROTECTIVE MEASURES

**Respiratory Protection:** Not normally required.

**Ventilation:** Normal room air circulation.

**Protective Gloves:** Rubber, vinyl, or latex

**Eye Protection:** Safety glasses.

**Other Protective Clothing or Equipment:** None.

---

The data in this material safety data sheet relates only to the specific material designated herein and does not relate to use in combination with any other material or in any process. This information is based upon technical data we believe is reliable. Because actual conditions of use are outside our control, no warranties, express or implied, are made and we assume no liability in connection with any use of this information.
