#### DYNA 143°

**TYPE :** Solvent Cleaner and Degreaser

**BENEFITS :** This product is specifically designed for use in Zep Part Clean, Dyna Brute FB, Super Brute FB, Zep Brake Bug Mate. Quickly dissolves and flushes away grease and dirt with a brush or as a dip. Composed of a blend of quality solvents. Safe to use on all metals. Excellent light duty pumps, carburetors, filters, master cylinders, valve covers, and all engine parts. Ready-to-use. Relatively slow rate reduces losses to atmosphere. Leaves light oil film protect against rust and corrosion. Its elevated flash point both an added degree of safety in use and storage, and used product from the "Hazardous Wastes List" - there are no headaches and expense involved with disposal.
