The Clean Solution™

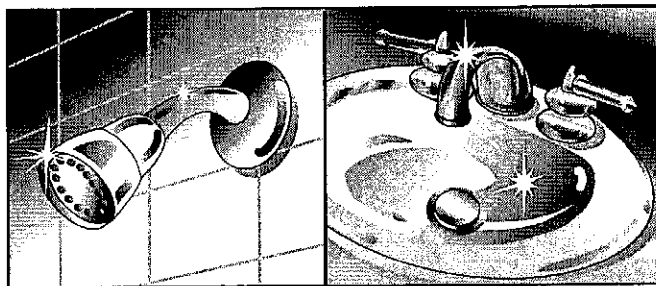

Finally, A Lime Scale Remover With Just The Right Balance!

- ▶ Dissolves soap scum and mineral deposits
- ▶ Deodorizes with fresh wintergreen scent
- ▶ Non-abrasive
- ▶ Non-flammable
- ▶ Contains no bleach, ammonia or phosphorus

Simple Green Lime Scale Remover offers just the right balance. . . it's strong enough to effectively tackle that dreaded cleaning task of removing hard water mineral deposits, and it's mild enough to protect surfaces from the damage that harsher removers can cause.

The mild, buffered acid in *Simple Green Lime Scale Remover*, commonly used in the cosmetic industry, provides an important difference from other scale removers, which can strip protective finishes from porcelain, tile, and plumbing. The new descaler, with the strength, quality, and thoroughness your customers have already come to trust in products with the Simple Green name, is specially formulated to effectively dissolve and remove mineral deposits, hard water stains, and soap scum.

Simple Green Lime Scale Remover is safer to use on porcelain sinks, toilets and tubs, ceramic tile, shower and faucet fixtures, glass shower doors, aluminum, chrome, and stainless steel. It can also be used to clean water deposits from glassware, coffee makers, and dish and laundry washing machines, just rinse well after applying. It's tough enough to take care of long-term scale and scum build-up, yet safe enough to be used on a frequent basis. Make it easy to keep that scale and scum off and keep fixtures shining brightly.

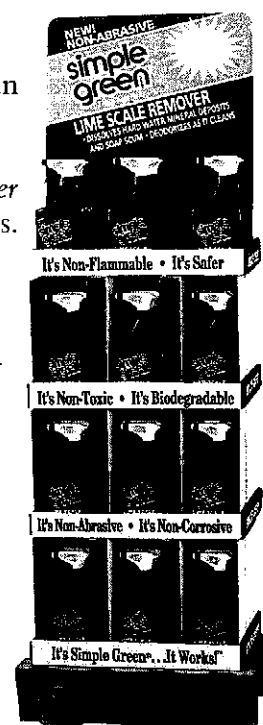

Keeps fixtures bright and shiny the easy, safer way.

Simple Green Lime Scale Remover has a pleasant wintergreen scent that leaves rooms deodorized and fresh smelling. It will not harm drains or pipes, including PVC. It's the perfect teammate to *Simple Green* all-purpose cleaner/degreaser for keeping the kitchen and bathroom clean and looking like new!

Simple Green Lime Scale Remover comes in three convenient sizes. The 16 oz., 20 oz. and 32 oz. bottles have a durable spray-head with a special "pull-out" foaming tip for effective application on vertical surfaces.

Finally, a lime scale and soap scum remover that handles nasty scale and scum with strength, and the surfaces beneath with care. Stock up on *Simple Green Lime Scale Remover* today!

Labels carry clear instructions for use and environmental guidelines.

P/N	Description	Case Qty.	Case Wt.	Dimensions	Cube	Tie x High Total
