

# YOUR DEGREASER SHOULDN'T COME WITH THESE CONSEQUENCES.

The Safer  
Alternative  
To Hazardous  
Chemicals &  
Solvents.

The simple fact is, Simple Green is as strong as it is safe. Which makes it one of the most cost effective ways to remove oil, lubricants, grease and grime from practically any washable surface.

Simple Green is an effective industrial degreaser/cleaner for:

- Engines and machinery
- Dip tanks, aqueous-based parts washers, steam cleaners and pressure sprayers
- Manufacturing equipment
- Food processing plants and food preparation areas (grills, vents, traps)
- Prepping prior to painting, plating or welding
- Floor scrubbing and general plant cleaning
- Fleet and mass transit vehicles
- HVACR coils and cooling towers
- Removing machining oils and cutting fluids from manufactured parts and extruded tubing

It's also authorized by the USDA for use in Federally inspected meat and poultry plants. Since it's a concentrate, Simple Green is economical. It can be custom-diluted to tackle a myriad of degreasing/cleaning jobs.

Replace hazardous and expensive solvents with Simple Green:

- Biodegradable • Non-toxic • Non-flammable • Non-abrasive • Non-ionic

OSHA and EPA definitions and special requirements for handling hazardous chemicals do not include Simple Green. It's tough on oil, grease, and grime . . . but easy on the environment.

*The Clean Solution™*

**All-Purpose  
Degreaser/Cleaner**

# simple green®

- ▶ Biodegradable
- ▶ Non-toxic
- ▶ Non-abrasive
- ▶ Non-ionic
- ▶ Non-flammable

**MPF**™  
Micro-Particulate-Fractionalization

## *The Safe Solution*™

- **REPLACES OZONE DEPLETING SUBSTANCES** (ODS) and hazardous chemicals. Meets Federal Clean Air Act requirements—no need for ODS warning labels.
- **LISTED ON THE EPA NATIONAL CONTINGENCY PLAN (NCP)** Product Schedule as a surface washing agent.★
- **HELPS REDUCE WORKERS COMPENSATION CLAIMS** in 4 major areas: Slip and fall, inhalation problems, eye damage, contact dermatitis/chemical burns. Mild 9.5 pH provides user-friendly cleaning.
- **EXEMPT FROM OSHA AND EPA REQUIREMENTS** for special handling or personal protection for hazardous materials.
- **USDA AUTHORIZED** for use in Federally inspected meat and poultry plants.

## *The Clean Solution*™

- **SAVES TIME** by thoroughly, quickly breaking up grease and sludge to easily rinse off all water-safe surfaces.
- **SAVES LABOR** by reducing scrubbing and brushing. *IT WORKS!*
- **SAVES MONEY** by eliminating inventory of single purpose cleaners. Concentrate allows custom blending for heavy to light cleaning needs.
- **CUTS COSTS** related to disposal of hazardous wastes and to protective gear needed for high pH and caustic cleaners.

★ Simple Green is on the U.S. Environmental Agency's NCP schedule. This listing does not mean the EPA approves, recommends, licenses, certifies, or authorizes the use of Simple Green. The listing means only that data has been properly submitted to the EPA as required by Subpart J of the National Contingency Plan. Coast Guard approval is required for specific NCP uses.
