## DESCRIPTION

VALTRON SP2201 is a high purity liquid alkaline detergent that has been formulated for excellent cleaning and rinseability properties. Contamination normally resistant to conventional detergents is easily removed with the VALTRON SP2201 formulation. The detergent exhibits excellent solvent action combined with a high sequestering ability. The blend of nonionic and anionic surfactants provides efficient and effective cleaning and leaves no organic or inorganic residue. The components in the formulation are completely water soluble and free rinsing.
