

Scout Heavy Duty™

For heavy grease above and below the floor

What it does.

Breakthrough enzyme technology takes grease apart and removes it permanently. Heavy Duty breaks down grease and WILL NOT allow re-greasing in pipes, traps, drains that cause odors and clogs.

How to use it.

Above the floor cleaning: 1 oz per gallon in spray bottle.
Below the floor drain and grease trap maintenance: Feed 2 oz. every 2 hours into drain using a multi-event dispensing system.

What's in it?

A fast acting enzyme package with pH neutral cleaning action that permanently breaks down dirt and grease without harming surfaces.

What's not in it?

Live bacteria or spores.
Hazardous, caustic or toxic ingredients.
Acid or Alkaline that can cause skin irritation.
Inferior petroleum-based surfactants.
Butyls, phosphates or d'limonene.

How to get Heavy Duty.

Gallon (4/case): Order item 3201
Pail (5 gallons): Order item 3205
Drums (55 gallons): Order 3255
