Industrial Cleaners, Solvents & Specialty Products

## SAFE CARE® Oven & Grill Cleaner

**DESCRIPTION:** **SC-Oven & Grill Cleaner** is an industrial strength non-ionic linear alcohol surfactant system, based on our **SC-1000™** formulation which penetrates and lifts hydrocarbon soils such as fats, oils, greases, proteins and sugars without damaging the cleaning surface. **SC-Oven & Grill Cleaner** cuts through organic soils without any dangerous chemicals or caustic fumes and does not require the use of protective clothing or gear. The **SC-Oven & Grill Cleaner** formulation does not contain abrasives, caustics or CFCs and complies with:

- USDA A1 General Cleaning & L1 Drain/Sewer Acceptable
- OSHA 29-CFR Ch. XVII 1910.1200 and 40 CFR Ch. 1, Subparts C & D
- USEPA 600, 4-90, 027 for aquatic toxicity
- USEPA 601 & 602 for VOC testing
- GSA SIN 375-361& 375-363

**INSTRUCTIONS:** Apply **SC-Oven & Grill Cleaner** directly to grill or oven surface; and allow 3 - 5 minutes of dwell time before agitating with a scrubber or brush, then rinse thoroughly with warm water. For heavy soil such as baked on grease and fat, spray apply at full strength and dwell in warm oven (110°F) for 10 - 15 minutes, then agitate and rinse as indicated. Increased dwell time (20 minutes) should reduce the scrubbing effort.

<b>Dilution Ratio:</b>	Baked-On Heavy soil:	100% - 50%
	Average Soil:	20% - 10%

### BASIC PROPERTIES:

Appearance:	Clear, very light amber liquid
Odor:	Mild surfactant
Water Solubility:	100%
Boiling Point:	100°C (212°F)
Flash Point:	None
Specific Gravity:	1.009
Relative Density:	Greater than water
pH Range:	10.2 – 10.5

### SAFE CARE® PRODUCTS ARE:

- Non-toxic
- Non-reactive
- Non-carcinogenic
- Readily biodegradable
- Derived from renewable resources
- Safe to use, store and dispose of

### SAFE CARE® PRODUCTS DO NOT CONTAIN:

- Petroleum distillates
- Glycol ethers
- Terpenes
- Synthetics
- Builders & reagents
- Caustics

The information contained herein is believed to be correct including test data conducted under controlled laboratory conditions. Users of **SAFE CARE** products should perform their own test(s) to determine the suitability of the product for their specific application(s). For questions: techsupport@gemtek.com
