

SAFE CARE®

Industrial Cleaners, Solvents & Specialty Products

SAFE CARE® Bathroom Cleaner

DESCRIPTION: Based on the proprietary non-ionic surfactant system and on our odor neutralizer technology, **SC-Bathroom Cleaner** brings state of the art technologies to cleaning and deodorizing bathrooms. **SC-Bathroom Cleaner** is a concentrated cleaning solution proven to remove odor-causing organic soils during the cleaning process without the use of hazardous chemicals. **SC-Bathroom Cleaner** is not a fragrance or masking agent that covers up odors, but it actually neutralizes odors at their source. **SC-Bathroom Cleaner** is not classified as a sanitizer because it does not contain killing agents such as bleach or ammonia. **SC-Bathroom Cleaner** is safe to use on sinks and faucets, countertops, toilets and urinals, bathtubs and shower stalls and will not harm ceramic tile, marble, fiberglass, porcelain or chrome fixtures. **SC-Bathroom Cleaner** complies with:

- OSHA 29-CFR Ch. XVII 1910.1200 and 40 CFR Ch. 1, Subparts C & D
- USEPA 600, 4-90, 027 for aquatic toxicity
- USEPA 601 & 602 for VOC testing

INSTRUCTIONS: Spray or sponge-apply, being certain to wipe or rinse all surfaces free of soil and residual product. Use product full strength for heavily soiled surfaces. **SC-Bathroom Cleaner** may be diluted with water for routine, hard surface cleaning. The dilution will depend on the soil, but can generally be diluted to a 20% - 5% solution.

BASIC PROPERTIES:

Appearance:	Clear, very light amber liquid
Odor:	Mild surfactant
Water Solubility:	100%
Boiling Point:	100°C (212°F)
Flash Point:	None
Specific Gravity:	1.002
Relative Density:	Greater than water
pH Range:	9.0 – 9.9

SAFE CARE® PRODUCTS ARE:

- Non-toxic
- Non-reactive
- Non-carcinogenic
- Readily biodegradable
- Derived from renewable resources
- Safe to use, store and dispose of

SAFE CARE® PRODUCTS DO NOT CONTAIN:

- Petroleum distillates
- Glycol ethers
- Terpenes
- Synthetics
- Builders & reagents
- Caustics

The information contained herein is believed to be correct including test data conducted under controlled laboratory conditions. Users of **SAFE CARE** products should perform their own test(s) to determine the suitability of the product for their specific application(s). For questions: techsupport@gemtek.com
