

# CLEANING LABORATORY EVALUATION SUMMARY

SCL #: 2009

DateRun: 06/02/2009

Experimenters: Jason Marshall, Junhee Cho, Timothy Weil

ClientType: Cleaner Manufacturer

ProjectNumber: Project #1

Substrates: Glass/Quartz, Chrome

PartType: Coupon

Contaminants: Films, Soaps

Cleaning Methods: Manual Wipe

Analytical Methods: Gravimetric, Visual

Purpose: To evaluate aerosol glass cleaners for soap scum removal

Experimental Procedure: Prewieghed glass and chrome coupons were coated with SSL Soil 2 (Glass soap scum: Water 51.5%, Hair gel 25.6%, Toothpaste 10.4%, Shaving cream 5.3%, Hair spray 3.7% and Spray deodorant 3.5%) using a hand held swab and allowed to dry for 24 hours at room temperature. The contaminated coupons were weighed again to determine the amount of soil added.

Three coupons were placed into a Gardner Straight Line Washability unit. A Kimberly Clark Reinforced paper towel was attached to the cleaning sled and soaked with 5-7 sprays of cleaning solutions. Each coupon was sprayed 7-10 times with the same cleaning solution. The solution was allowed to penetrate for 30 seconds followed by cleaning in the SLW unit for 5 cycles (~10 seconds). At the end of the cleaning, coupons were wiped once with a dry paper towel. Final weights were recorded and efficiencies were calculated and recorded.

Results: The table lists the amount of soil initially added and the amount remaining after cleaning and the product efficiency for each coupon cleaned. Visual observations for streaking and filming are recorded in the second table.

Cleaner	Initial wt	Final wt	% Removed	Streaking	Rating	Film/Smear	Rating

Summary:

Substrates:	Glass/Quartz, Chrome					
Contaminants:	Films, Soaps					
Company Name:	Product Name:	Conc.:	Efficiency:	Effective:	Observations:	
Amrep Inc	Aspire Glass & Surface Cleaner A00122 Aerosol	100	98.83	☑	Streak/film rank = 1	
Amrep Inc	Misty Heavy Duty Glass Cleaner Aerosol	100	90.01	☑	Streak/film rank = 3	
3M	3M Glass Cleaner Aerosol	100	99.18	☑	Streak/film rank = 4	
Spartan Chemical Company	Glass Cleaner - Aerosol	100	97.14	☑	Streak/film rank = 5	
Claire Manufacturing	Gleme Glass Cleaner Aerosol	100	94.29	☑	Streak/film rank = 1	
SC Johnson & Son Inc	Windex Glass & More Cleaner (Spray)	100	90.40	☑	Streak/film rank = 6	

Conclusion:

All six products removed over 85% of the glass soap scum. Four of the six received good to best ratings. The 3M and Windex both had scores below 3. Four of the six products received the best ranking for filming. The Spartan and Windex products received the second lowest score for filming. The Aspire product had the second best cleaning efficiency and streaking. The product left no residue behind.
